

ANNOUNCEMENT

The international NGO Tearfund operates in the eastern part of the Democratic Republic of Congo (DRC), particularly in South Kivu, Ituri and North Kivu, a region plagued by protracted conflict and political instability. In this context, water, sanitation and hygiene (WASH) interventions can play a vital role in peacebuilding by encouraging cooperation between communities and strengthening resilience.

Tearfund is looking to recruit a consultant who will impartially assess the relevance, coherence, effectiveness, efficiency and impact of the DRA project's actions, ensuring that they comply with the standards of the humanitarian clusters concerned (WASH, Health, Food Security, Protection, AHM/Multisectoral Cash) and that they are aligned with humanitarian coordination in DRC and the DRA principles (collaboration, localization, accountability).

ABOUT TEARFUND

Tearfund is a Christian, international relief and development non-governmental organization based in the United Kingdom and operating in over fifty countries around the world. In the DRC since 1986, Tearfund is currently supporting local partners in the implementation of several development projects and at the same time, implemented, by its operational teams, a series of projects in the provinces of South Kivu, North Kivu, Tanganyika, Maniema, Ituri and Kinshasa, in the areas of water, hygiene and sanitation, education and health, as well as food security.
